

Appl. No. 10/763,972
Amendment dated September 13, 2004
Reply to Office Action of July 12, 2004

Remarks/Arguments:

In the Response to the Restriction Requirement enclosed herewith, claims 1-8 and 10 are elected, with traverse. Claims 2 and 3 are being cancelled herein. Claims 1, 4, and 10 are currently being amended herein. The amendment to claim 1 deletes subsections (b) and (d)-(g) and changes "comprising" to "consisting of". The amendment to claim 4 is supported by original claim 1, and by the written description of the specification, as originally filed, for example, at page 18, lines 15-25 and at page 19, lines 27-33. The amendment to claim 10 is made to provide proper antecedent basis and claim dependency. Therefore, as the Examiner will appreciate, there is no new matter added by amendment. Applicant believes that the pending claims are in condition for immediate allowance and such prompt and favorable action is earnestly solicited.

Respectfully submitted,

Date: September 13th, 2004
